Alamance Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award the Associate in Applied Science, the Associate in Arts, the Associate in Arts Teacher Preparation, the Associate in Engineering, the Associate in Fine Arts–Music, the Associate in Fine Arts–Visual Arts, the Associate in Science, and the Associate in Science Teacher Preparation. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of Alamance Community College.

AM I COLLEGE READY?

FREE Placement Test Prep

Placement Test Prep (BSP2000) are free classes offered through Continuing Education. They are offered for students who feel they need a review of basic English or math skills prior to taking the college placement test. For more information and scheduling, call **336-506-4376** or email assessment.center@alamancecc.edu.

Students may enroll in any course they choose **WITHOUT** a co-requisite if they meet one of the following measures:

Unweighted High School GPA is 2.8

- within 10 years
- U.S. high school

Standardized Test Scores

- ACT English = 18 **or** Reading = 22
- ACT Math = 22
- SAT Math ≥ 500 (before 3/2016)
- SAT Math ≥ 530 (after 3/2016)
- SAT English ≥ 500 Reading **or** Writing (before 3/2016)
- SAT English ≥ 530 Reading and Writing (after 3/2016)

GED ≥ 170 on ALL tests

HiSET ≥ 15 on ALL subject tests with ≥ 4 on the essay

U.S. associate's or bachelor's degree

These scores will be used to assist your advisor in registering you for the correct courses.

How is college different from high school?

- Most instructors don't accept late assignments.
- There may be no make-ups on quizzes or exams.
- If you miss class, it is your personal responsibility to find out what you missed.
- You must make a C or better to get credit for a course. ACC uses a 10-point scale.
- In many cases, there is no extra credit or homework grade to inflate your final average.
- Homework is done outside of class.
- You will be withdrawn from class if you exceed the attendance policy.

Q&A FOR UNIVERSITY TRANSFER STUDENTS

What is a university transfer degree program?

The University Transfer degree program is a set of courses that has been designed to transfer to all public and many private four-year colleges and universities in North Carolina. This set of courses includes 60 semester hours of transferrable credit from general education courses and elective courses. In the North Carolina Community College System, the Associate in Arts (AA) and the Associate in Science (AS) degree programs are included in the Comprehensive Articulation Agreement (CAA) as fully transferrable degrees. The Associate in Arts Teacher Preparation (AATP), Associate in Engineering (AE), the Associate in Fine Arts (AFA), and the Associate in Science Teacher Preparation (ASTP) degree programs are not covered by the CAA but with individual Uniform Articulation Agreements (UAA) with most of North Carolina's college and universities that offer the same major.

What is the Comprehensive Articulation Agreement?

The North Carolina Comprehensive Articulation Agreement (CAA) is a statewide agreement governing the transfer of credits between North Carolina community colleges and North Carolina public universities and has as its objective the smooth transfer of students. A number of private institutions have also agreed to abide by the principles of the CAA. The CAA provides certain assurances to the transferring student such as:

- Assures admission to one of the 16 UNC institutions (Transfer Assured Admissions Policy)
- Enables NC community college graduates of two-year Associate in Arts and Associate in Science degree programs who are admitted to constituent institutions of the University of NC to transfer with junior status.

What is a Uniform Articulation Agreement?

Whereas, the Associate in Arts (AA) and Associate in Science (AS) degrees are covered by the Comprehensive Articulation Agreement (CAA), the Associate in Engineering (AE), Associate in Fine Arts (AFA-M and AFA-VA), and the Associate in Teacher Preparation (AATP and ASTP) degrees are governed by a program specific Uniform Articulation Agreement (UAA). Degrees under a UAA are only accepted at institutions that have the specific degree programs and these programs are competitive. Admissions to the AE and the AFA degree programs at four-year institutions are not guaranteed.

For more information on the CAA, UAA, ICAA, and other College Transfer Articulation Agreements, visit www.nccommunitycolleges.edu/academic-programs-college-transferarticulation-agreements.

How are the degrees different?

Each degree prepares students for a specific education and career path at a college or university. It is imperative that students align their educational and career goals with their degree program at ACC and at a four-year institution. Each degree's plan-of-study starts with Universal General Education Transfer Component (UGETC) courses. Those core courses form the foundation of a quality higher education for all students at a two-year or a four-year level. In addition to the general education courses, students complete additional general education, pre-major, and elective courses along with an ACA 122 College Transfer Success course to earn their degree. Additional general education, pre-major, and elective courses should be selected based on a student's intended major and transfer institution.

Requirements for Universal General Education Transfer Component

Associate in Arts

- ENG 111, 112
- Humanities/Fine Arts 3 courses
- History 1 course
- Social/Behavioral Sciences 2 courses
- Mathematics 1 course
- Natural Sciences 1 course
- Literature 1 course
- ACA 122

Associate in Science

- ENG 111, 112
- Humanities/Fine Arts 2 courses
- Social/Behavioral Sciences 2 courses
- Mathematics 2 sequenced courses
- Natural Sciences 2 sequenced courses
- ACA 122

How do I decide between AA and AS programs?

The Associate in Arts (AA) is a two-year degree with an emphasis on courses such as business, English, fine arts, foreign languages, history, marketing, philosophy, psychology, or sociology. The Associate in Science (AS) is a two-year degree with an emphasis on courses such as biology, chemistry, computer science, engineering, geology, mathematics, or physics. Both of these programs prepare students for different majors at four-year institutions. The AS is for allied health, science or math-related majors. Talk with an advisor to develop a plan appropriate to your career goals.

When do I choose the AATP or the ASTP program?

The Associate in Arts Teacher Preparation (AATP) and Associate in Science Teacher Preparation (ASTP) are designed for students interested in transferring to a four-year institution to pursue a bachelor's degree in teacher education. The AATP degree is appropriate for students who would like to become K-12 teachers specializing in art, English/language arts, history, humanities, music, physical education, and social studies. The ASTP degree is appropriate for students who would like to become K-12 teachers specializing in science, technology, engineering and mathematics (STEM).

When do I choose the AFA or the AE program?

The Associate in Fine Arts (AFA) degrees and the Associate in Engineering (AE) degree are programs for students who are already sure that they would like to major in music, visual arts, or engineering and transfer to a specific institution that offers this major. Students who are still unsure should opt for the AA for music/visual arts and the AE for engineering to maximize flexibility.

Additionally, students may complete the AA and AFA simultaneously as well as the AS and AE if proper electives are chosen.

What is the Transfer Assured Admissions Policy (TAAP)?

The TAAP assures admission to one of the 16 UNC institutions under the following conditions:

- Admission is not assured to a specific campus or specific program or major.
- Students must have graduated from a North Carolina community college with an Associate in Arts or Associate in Science degree.
- Students must meet all requirements of the CAA.
- Students must have an overall GPA of at least 2.0 on a 4.0 scale, as calculated by the college from which they graduated, and a grade of "C" or better in all CAA courses.
- Students must be academically eligible for re-admission to the last institution attended.
- Students must meet judicial requirements of the institution to which they apply.
- Students must meet all application requirements at the receiving institution, including the submission of all required documentation by stated deadlines.

If a student is denied admission to a UNC institution, then he or she will be notified in writing by the institution. In this notification, the student will be directed to the College Foundation of North Carolina (CFNC) website (www.cfnc.org) where the student will be given information regarding space availability and contacts in the respective UNC Admissions offices. It is the student's responsibility to contact each institution's admissions office to get specific information about admissions and available majors.

If the previous steps do not result in admission to a UNC institution, then the student should contact the CFNC Resource Center at 1-866-866-CFNC.

What is an advisor and how do I get one?

Upon admission to the program, the Admissions office will assign a faculty member to serve as your personal advisor or you may request a particular instructor as an advisor. Your advisor will assist you in selecting courses appropriate to your areas of interest and provide a sense of continuity during your time here. You are required to meet with your advisor each semester prior to registration in order to complete a plan of study.

Where can I find more information about universities in North Carolina?

North Carolina maintains an excellent website, College Foundation of North Carolina, to assist you in collecting information about the universities in the state. It also has information to assist you in finding funding for your college education. You will find a wealth of information when you go to the CFNC website: www.cfnc.org. Recruiters from these institutions also visit Alamance on a regular basis. Watch for announcements.

When can I transfer?

You can transfer whenever a school accepts you. This will vary depending on the program you wish to enter, the school of your choice, the courses you have selected, and the grades you have earned at Alamance. Ideally, you should stay to complete the degree. **Upon completion** of the 60 credit hours of the AA or AS degrees and **upon acceptance** at the university, the student covered by the CAA will transfer as a junior. (Transferring as a junior will give you priority in registration and access to junior-level and program-specific classes.) If you transfer hours without a degree, the college will analyze the transferability of courses item by item. The courses included as Universal General Education Transfer Component (UGETC) are guaranteed to transfer individually as General Education credit. Private universities will generally evaluate your transcript on a course-by-course basis and do not necessarily require a completed degree prior to transferring. However, if you transfer a degree to a university, it is an easier transition most of the time.

Does the Comprehensive Articulation Agreement mean that I can automatically transfer to one of the 16 campuses within the University of North Carolina system?

No. You must still apply and be accepted. The admissions procedure is still quite competitive, and certain programs are highly selective in their admissions. In addition, some schools limit the number of transfer students they will accept. Talk to your advisor about any issues you have in regard to applying. However, the Transfer Assured Admissions Policy does assure AA/AS graduates who are covered by the CAA that they will be accepted to at least one of the 16 UNC institutions. It does not guarantee that this will be the university of their choice.

What is the Reverse Transfer Program?

This program awards an associate degree to students who previously attended and received at least 16 college-level credit hours at one of North Carolina's 58 community colleges and then fulfilled the remaining associate degree requirements while working towards a bachelor's degree at a participating North Carolina university. Eligible students will be asked to opt in when they transfer to a participating university.

How do I qualify for financial aid?

We recommend that all students fill out the application for financial aid as soon as they receive their letter of acceptance into a program. The financial aid office is on the first floor of the Gee Building in the Student Development suite, room G 118. To schedule an appointment, call 506-4109. For additional information, go to the website, College Foundation of North Carolina, www.cfnc.org for information about financial aid or visit the Alamance Community College website at www.alamancecc.edu.

Hours Worked/Week	Credit Hours You Should Take
10	12-16
20	10-12
30	7-9
40	3-6

If I work, should I try to take fewer hours?

Yes, so you have time and energy to do well in your classes. If you work or if you have time-intensive family commitments, you will have less time available for classes, studying, and homework assignments. See the chart at left for recommendations of course loads for working students.

Is there a limit to how many semester hours of credit I can transfer to the university?

Most universities do not award transfer credit in excess of 64 hours. However, there are exceptions to that rule, especially private schools. You should talk with a university admissions counselor to find out if those exceptions apply in your case.

What if I wish to attend a private school?

The basic procedure is the same. In fact, many of the state's private schools have also signed the Independent Comprehensive Articulation Agreement (ICAA). The ICAA is between the North Carolina Community College System (NCCCS) and the Signatory Institutions of North Carolina Independent Colleges and Universities (NCICU). This agreement allows a student to transfer to one of the many private colleges and universities in North Carolina. If a student wants to attend a private school that is part of the ICAA, they must make sure they are taking courses that correspond to courses at the senior institution and that follow the program of study for their declared major. Most colleges have their catalogs posted on the web. Students should go to the website, download the information about their intended major, and share that information with their advisor as they select courses.

How many credit hours are necessary to be considered a full-time student?

Twelve semester hours is considered full-time for purposes of insurance, veteran's benefits, and financial aid. Check with Financial Aid to confirm your status.

How do I get special accommodations for my disability?

Students with special needs related to handicapping conditions should contact the Student Success office to obtain information on available services. Some of the services available are counseling, instructional accommodations, interpreting services, referral to other agencies, career development, educational assessment/placement, tutorial assistance, test accommodations, tape recorders, special chairs, and special computer monitors. Information regarding disability documentation can be accessed on ACC's website under "Services for Students." Documentation of student needs must be provided to Monica Isbell, Disability Services Coordinator, in order for accommodations to be provided. The Disability Services Office is located in the Student Success Center, Room 233. The coordinator can be reached by phone at **336-506-4130** or email: monica.isbell@alamancecc.edu.

SPECIAL PROGRAMS AT ACC

available through the Business, Arts and Sciences Division

ACC provides a gateway to our state's four-year colleges and universities through system-wide agreements, as well as special transfer agreements, bilateral agreements, and co-admission agreements. Co-admission agreements allow students to be admitted to a university while they complete an associate degree. The College also has special agreements and bilateral agreements with specific colleges and universities to encourage and support the transfer process.

CO-ADMISSION AGREEMENTS

Carolina Student Transfer Excellence Program (C-STEP)

Who is eligible for C-STEP?

The ideal C-STEP candidate is a strong student whose household income falls at or below 300 percent of the federal poverty guidelines. To be eligible, students also must have completed all necessary developmental coursework and place into college-level coursework. The screening process for candidates is comprehensive and holistic and considers, among other criteria, demonstrated ability to overcome obstacles, first-generation college status, diversity, employment history, and family responsibilities.

UNC

CAROLINA STUDENT TRANSFER
EXCELLENCE PROGRAM

What are the requirements of the program?

The goal of this program is the development of ways to assist community college students in making the transition to the university setting. Therefore, students who are admitted to C-STEP are required to participate in the program activities and events both at ACC, and after transferring, at UNC.

These events include cultural events, social activities, academic development workshops, professional development workshops, advising sessions, tours of the UNC campus, and campus service activities. The purposes of these activities are to help the student develop leadership skills, social skills, and academic skills. These skills will provide the student with a greater potential for success at UNC and in his/her professional life.

Students admitted to the program will sign an agreement committing themselves to full participation in these activities. Admission to UNC is contingent on completion of the associate degree at ACC with a 3.2 or higher cumulative GPA, completion of three semesters of a foreign language, and completion of program activities. Failure to meet these requirements will result in the student not being admitted to UNC.

While at ACC, C-STEP students are expected to conduct themselves with honor and integrity. Any cheating, plagiarism, or misconduct by a student in the program may result in dismissal from the program and loss of the guarantee of admission to UNC.

What is the application process?

To determine your eligibility, each potential candidate should complete and submit the C-STEP interest form available at www.admissions.unc.edu/CSTEP/. A screening committee will review and confirm students enrolling in the program by early fall. Before enrollment, C-STEP students will sign a letter of understanding and intent and meet with C-STEP advisors:

Zak Mathews: zachary.mathews@alamancecc.edu

Julie Trotter: julie.trotter@alamancecc.edu

North Carolina
Agricultural and Technical
State University™

*"Your college journey continues
at North Carolina A&T...
Whether you have an associate's
degree or a few semesters of
credit under your belt, there
is a place for you in our
diverse and welcoming Aggie
community."*

—**JAMEIA TENNIE**
N.C. A&T Admissions

Aggie Plus with NC A&T State University

Aggie Plus offers a seamless transition from ACC to N.C. Agricultural & Technical State University. Participants must complete an Associate in Arts (AA), Associate in Science (AS), or Associate in Engineering (AE) degree prior to transferring to NC A&T. Students must maintain a 2.0 cumulative GPA and obtain a "C" or better on all transferable coursework.

Community College Collaboration (C3) ACC's Dual-Admissions Program with North Carolina State University

The North Carolina State University C3 dual-admission program is a partnership between NCSU and eight regional community college partners. The C3 program provides support for students during their time at the community college and prepares them for transferring to NCSU.

- Students apply for C3 admission after high school or during their first year at the partner community college.
- Participants must be from low-to-moderate income households.
- Students will be dually admitted to ACC in a transferrable associate degree program and to NCSU as a Non-Degree Studies student.
- Admitted students will have three years to complete the Associate in Arts, Associate in Science, or Associate in Engineering degree and must maintain at least a 3.0 GPA.
- Upon completion of the associate degree students will be guaranteed admission to N.C. State; however entry into specific majors may be more competitive.
- Admitted students will have the opportunity to use N.C. State's student information system and online advising systems, speak with an academic advisor at both institutions, and enroll in courses at both institutions.

Pathway to Excellence with UNC Wilmington

The Pathway to Excellence Program is a partnership between the University of North Carolina at Wilmington (UNCW) and Alamance Community College (ACC). This pathway guarantees admission to UNCW for students completing an Associate of Arts, Associate of Science, Associate of engineering, Associate in Fine Arts in Visual Arts or Associate in Fine Arts in Music with a cumulative GPA of at least a 2.5 (on a 4.0) scale) in transferable, college-level coursework from ACC. Students entering in under the agreement who have at least a 3.0 overall GPA will receive additional benefits.

Pirate Promise—Partnership with East Carolina University

The Pirate Promise Program is a partnership with East Carolina University (ECU) that is designed to improve transfer student access and success. To be eligible, a student must be enrolled in an Early College, Career and College Promise Program, or, be in their first year of community college enrollment prior to applying for the Pirate Promise. Through the program, qualified students enjoy joint academic advising, financial aid counseling and scholarship opportunities, a waived ECU application fee, access to ECU libraries and transit, and more. Qualified students receive guaranteed admission to ECU upon completing an Associate in Arts, Associate in Science, Associate in Engineering, or Associate in Fine Arts. Students must graduate with a cumulative GPA 2.5 or higher from ACC to be eligible for Pirate Promise.

ACC-UNCG: The Transfer Promise Program

Alamance Community College and The University of North Carolina at Greensboro (UNCG) have partnered on a unique program that improves students' access to an undergraduate education, enhances student success during the transfer process, and creates a seamless pathway from ACC to UNCG. The program is called the Transfer Promise Program.

UNCG's Transfer Promise offers the following to students:

- Enhanced scholarship opportunities.
- Specially designed curricula that saves students time and money by aligning their program of study at ACC with their program at UNCG.
- Dedicated UNCG advisors on-site at your campus.
- An even easier pathway to earning a four-year degree.
- Save time and money by taking the right courses at the right times through curriculum alignment for high-demand programs.
- Enjoy a transfer-focused campus tour of UNCG.

For more information, visit <https://www.alamancecc.edu/transferenceements> or contact Melissa Garrison at mpgarris@uncg.edu. Ms. Garrison is a UNCG counselor and she will be in ACC's Student Success Center on Tuesdays and Wednesdays 11am-1pm.

THE UNIVERSITY of NORTH CAROLINA
GREENSBORO

SPECIAL AGREEMENTS

Alamance Scholars with Elon University

The Alamance Scholars program is a partnership between Elon University, Alamance Community College, and Alamance-Burlington School System. Students can attend ACC and Elon University to earn a Bachelor's in Arts in Education to become a teacher (K-12).

Benefits of being an Alamance Scholar:

- Dual academic advising from ACC and Elon University
- Scholarship opportunities
- Associate's degree from ACC
- Bachelor's degree from Elon
- Eligible for NC Teaching license after graduating Elon

Possible majors at Elon University:

- Elementary Education
- Middle Grades (English Language Arts, math, social studies, or science concentration)
- Secondary majors

Special Agreement with Elon University

Guarantees transfer admission, waiver of application fee, acceptance of a maximum of 65 community college credits that have Elon University equivalents, and grants full junior status to graduates of designated ACC Associate in Arts or Associate in Science degree programs who have met specific requirements.

Articulation Agreement with Guilford College

Guilford College will guarantee transfer admission, waiver of application fee, acceptance of a maximum

of 64 community college credits that have Guilford College equivalents, and grant full junior status to all graduates of designated Alamance Community College Associate Degree programs who have followed applicable Guilford College prescribed course selections while completing Alamance Community College program requirements, and earned a cumulative grade point average (GPA) of at least 2.50.

GUILFORD
COLLEGE

Special Agreement with Lees-McRae College

ACC graduates are guaranteed enrollment at Lees-McRae College if they earn an as-

sociate's degree and maintain at least a 2.5 GPA. The Guaranteed Admission Program is open to all ACC students who meet certain academic requirements to transfer and complete a bachelor's degree at Lees-McRae. A Transfer Merit Scholarship is offered to those ACC graduates who qualify. Requirements may vary depending on program of study.

Lees  **McRae**
COLLEGE

ASSOCIATE IN ARTS

Program of Study Checklist

In order to complete the Associate in Arts degree at Alamance Community College, students must earn 60 hours of college credit in the categories listed in the table. All students must complete at least 31 hours from the Universal General Education Transfer Component list of courses. As part of their degree, students are required to complete one Academic Transitions course, two English composition courses, one literature course, one general education history course, one math course, and one general education science course. The literature course should be chosen from ENG 231, ENG 232, ENG 241, ENG 242, or ENG 273. Students may not take both BIO 110 and BIO 111 or CHM 131/131A and CHM 151 for credit toward this degree. The Academic Transitions Course, ACA 122, should be completed during the first semester.

Universal General Education Transfer Component (UGETC)	Credits	Semester Completed
ENGLISH COMPOSITION (6 semester hours required)		
ENG 111 Writing and Inquiry (Prerequisite ENG 002)	3	
ENG 112 Writing/Research in the Disciplines (Prerequisite ENG 111)	3	
ENGLISH LITERATURE (3 semester hours required)		
ENG 231 American Literature I (Prerequisite ENG 112 or ENG 114)	3	
ENG 232 American Literature II (Prerequisite ENG 112 or ENG 114)	3	
ENG 241 British Literature I (Prerequisite ENG 112 or ENG 114)	3	
ENG 242 British Literature II (Prerequisite ENG 112 or ENG 114)	3	
HUMANITIES/FINE ARTS (6 semester hours required)		
Communications		
COM 120 Interpersonal Communication or COM 231 Public Speaking	3	
Humanities/Fine Arts		
ART 111 Art Appreciation	3	
ART 114 Art History I	3	
ART 115 Art History II	3	
DRA 111 Theater Appreciation	3	
MUS 110 Music Appreciation	3	
MUS 112 Introduction to Jazz	3	
PHI 215 Philosophical Issues (Prerequisite ENG 111)	3	
PHI 240 Introduction to Ethics (Prerequisite ENG 111)	3	
HISTORY (3 semester hours required)		
HIS 111 World Civilizations I	3	
HIS 112 World Civilizations II	3	
HIS 131 American History I	3	
HIS 132 American History II	3	

This list is comprehensive and every effort has been made to insure its accuracy. Meet with your advisor to plan your program of study.

SOCIAL/BEHAVIORAL SCIENCES (6 semester hours required)		
ECO 251 Prin of Microeconomics (Prerequisite ENG 002 & 011, MAT 003 & 043 or 052)	3	
ECO 252 Prin of Macroeconomics (Prerequisite ENG 002 & 011, MAT 003 & 043 or 052)	3	
POL 120 American Government	3	
PSY 150 General Psychology	3	
SOC 210 Introduction to Sociology	3	
NATURAL SCIENCES (4 semester hours required)		
BIO 110 Principles of Biology (Prerequisite ENG 002 & 011, MAT 003 & 043 or 052)	4	
BIO 111 General Biology I (Prerequisite ENG 002 & 011, MAT 003 & 043 or 052)	4	
CHM 151 General Chemistry (Prerequisite ENG 002 & 011, MAT 003 & 071)	4	
GEL 111 Introduction Geology	4	
PHY 110/110A Conceptual Physics and Lab (Prerequisite ENG 002, MAT 003 & 010)	4	
MATHEMATICS (3-4 semesters hours required)		
MAT 143 Quantitative Literacy (Prerequisites MAT 003, ENG 002 & 011)	3	
MAT 152 Statistical Methods I (Prerequisites MAT 003, ENG 002 & 011)	4	
MAT 171 Precalculus Algebra (Prerequisites MAT 003 or MAT 121)	4	
TOTAL UNIVERSAL GENERAL EDUCATION TRANSFER COMPONENT	31-32	

ADDITIONAL GENERAL EDUCATION HOURS–Take 13-14 additional hours from the UGETC list or from the following general education courses.	Credits	Semester Completed
ENGLISH		
ENG 114 Professional Research and Reporting (Prerequisite ENG 111)	3	
HUMANITIES		
ASL 111 American Sign Language I	3	
ASL 112 American Sign Language II (Prerequisite ASL 111)	3	
ASL 211 Intermediate ASL I (Prerequisite ASL 112)	3

ACADEMIC TRANSITION – ACA 122 College Transfer Success (Required)		
	1	

"After spending time as a homeschooled student, I found ACC's University Transfer program extremely beneficial in my academic endeavors. Career and College Promise classes allowed me to get two years of college behind me by age 18, even as I was finishing up my high school credits. I met an array of people through interactions with different age groups of students. CCP classes also provided me an opportunity to explore different career options before going to a four-year school. Where else could I have completed an associate's degree in culinary arts, as well as taken courses in psychology? The people at ACC made it easy to get answers to any transfer questions I had. Now with two years of college behind me, I may work as a chef or earn a bachelor's degree in psychology with an eye toward becoming a psychiatrist. Whatever I decide, I know that ACC was key in helping me see that my future is wide open."

MARIBETH McCOOK

Career and College Promise Student
Class of 2018, Associate in Arts and A.A.S. Culinary Arts

ELECTIVES: Choose any of the General Education courses listed previously or elective courses from this list.	Credits	Semester Completed
ACC 120 Principles of Accounting I (Prerequisite ENG 002, MAT 003 & 010)	4

ASSOCIATE IN ARTS ONLINE

Program of Study Checklist

In order to complete the Online Associate in Arts degree at Alamance Community College, students must earn 60 hours of college credit in the categories listed in the table. All students must complete at least 31 hours from the Universal General Education Transfer Component list of courses. As part of their degree, students are required to complete one academic transitions course, two English composition courses, one literature course, one general education history course, one math course, and one general education science course. The literature course should be chosen from ENG 231, ENG 232, ENG 241, ENG 242, or ENG 273. Students may not take both BIO 110 and BIO 111 or CHM 131/131A and CHM 151 for credit toward this degree. The academic transitions course, ACA 122, should be completed during the first semester.

Universal General Education Transfer Component (UGETC)	Credits	Semester Completed

ASSOCIATE IN ARTS TEACHER PREP.

Program of Study Checklist

In order to complete the Associate in Arts in Teacher Preparation (AATP) degree at Alamance Community College, students must earn 60 hours of college credit in the categories listed in the table. All students must complete at least 28 hours from the Universal General Education Transfer Component list of courses. As part of their degree, students are required to complete one Academic Transitions course, 14 credit hours of Education courses and 17-18 credits of courses classified as pre-major, elective, general education, or UGETC within the Comprehensive Articulation Agreement.

Community college graduates must obtain a grade of "C" or better in each course and an overall GPA of at least 2.7 on a 4.0 scale in order to transfer with a junior status.

SPANISH LANGUAGE CERTIFICATES

All courses in these programs are part of the Comprehensive Articulation Agreement and can be used to help satisfy graduation requirements for AA and AS degree programs. All prerequisites must be met and the student must have at least a 2.0 overall grade point average in order to receive the certificate.

Spanish Language Advanced Certificate

This 18-credit hour certificate will provide students with the conversational skills, written skills, and the cultural background knowledge needed to effectively communicate in Spanish in the workplace, community agencies, etc. A prerequisite of this certificate program is showing proficiency at the Beginning Spanish II level as determined by testing or successful completion of SPA 112. Students may receive a maximum of 25% of these credits as a Credit by Exam.

Required Courses

- SPA 111 Elementary Spanish I
- SPA 112 Elementary Spanish II
- SPA 211 Intermediate Spanish I
- SPA 212 Intermediate Spanish II
- SPA 221 Spanish Conversation
- SPA 231 Reading and Composition

Total Semester Hours Required for Certificate = 18 hours

Spanish Language Basic Certificate

This 14-credit hour certificate will provide students with a structured foundation of Spanish language skills to handle successfully a limited number of basic communicative tasks in straightforward social situations.

Required Courses

- SPA 111 Elementary Spanish I
- SPA 112 Elementary Spanish II
- SPA 141 Culture and Civilization
- SPA 181 Spanish Lab 1
- SPA 182 Spanish Lab 2
- SPA 211 Intermediate Spanish I

Total Semester Hours Required for Certificate = 14 hours

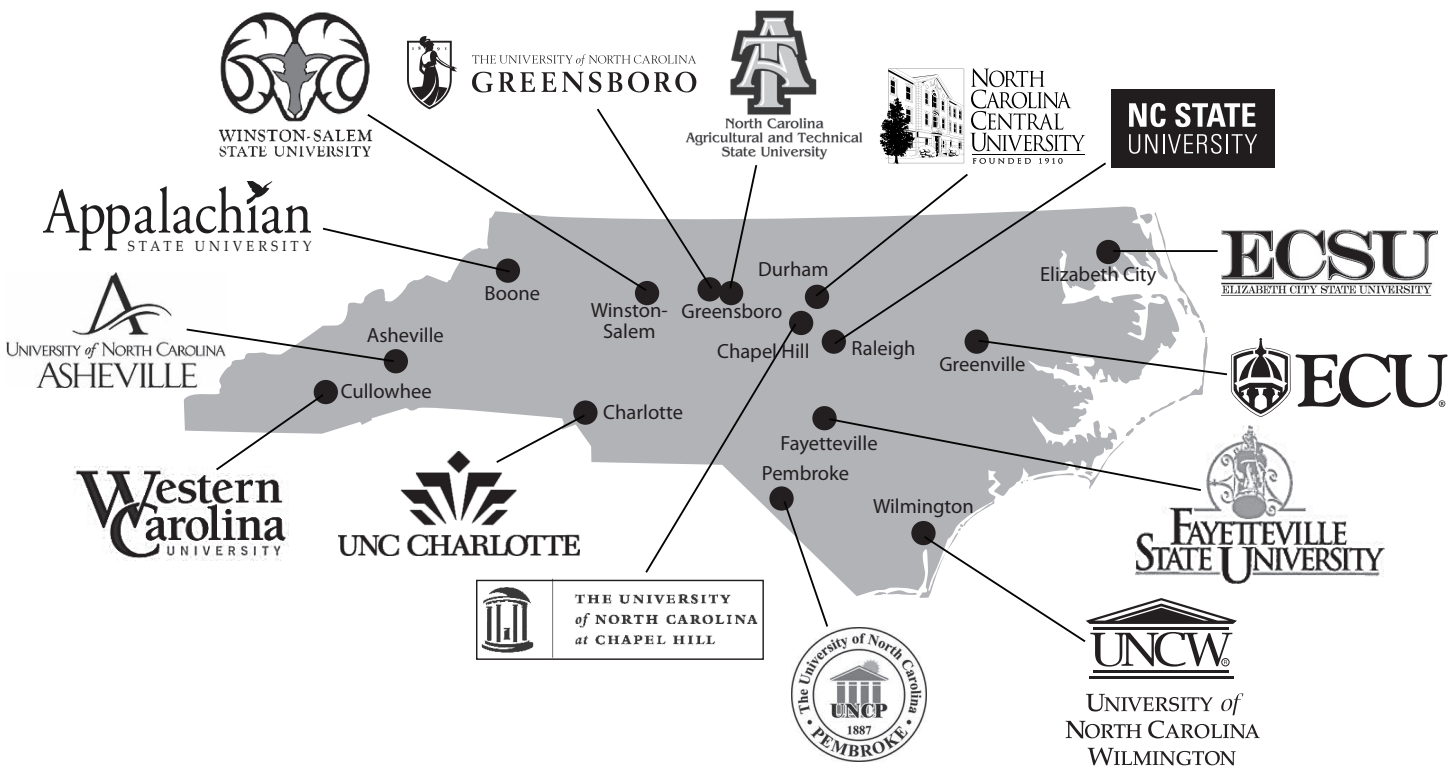

THE TOP 10 LIST

of N.C. Universities Where ACC Students Transfer

Based on recent data, this list shows the 'top ten' four-year colleges or universities where ACC students transfer after completing their Associate in Arts or Associate in Science degree.

- | | |
|---------------------------------|--------------------------------|
| 1. UNC Greensboro | 6. N.C. A&T State University |
| 2. UNC Chapel Hill | 7. East Carolina University |
| 3. Appalachian State University | 8. UNC Charlotte |
| 4. UNC Wilmington | 9. Western Carolina University |
| 5. NC State University | 10. N.C. Central University |

Set Up Your "ACCess" Account

"ACCess" account gives you access to:

- Self Service
- Email including official ACC messages
- **Moodle** (used for online classes)

(Once your "ACCess" account is activated, logins and passwords will be synchronized for each of these tools.)

How to Activate Your "ACCess" Account

NOTE: You will need your 7-digit student ID number to activate your account.

1. Go to www.alamancecc.edu
2. Click on "**Self Service**" link under the "QUICK LINKS" tab at the top of the home page.
3. Click on "**Password Reset.**"
4. Complete the necessary fields for account set-up.
5. **Write down your ACCess User ID.** This is sometimes referred to as your Username. This will be your first and middle initial, last name, and last three digits of your student ID number. (Ex: jfsmith123).

Your "ACCess" setup is complete and you are now ready to access Self Service, ACCess Email and Moodle accounts.

Accessing Self Service

1. Go to ACC's home page and click on the "**QUICK LINKS**" tab at the top of the page.
2. Click the "**Self Service**" link.
3. Click the "**LOG IN**" tab at the top of the page.
4. Enter your **ACCess USER ID/USERNAME** (Ex: jfsmith123) and the **PASSWORD** you created in the steps above.
5. Click "**SIGN IN.**"
5. Once you are logged in, click the "Students" tab on the right to access your student information.

Accessing ACCess Email

1. Go to ACC's home page and click on the "**QUICK LINKS**" tab at the top of the page.
2. Click the "**Email**" link.
3. Click the "**ACCess (Google Apps)**" link.
4. Enter your **ACCess USER ID/USERNAME** (Ex: jfsmith123) and the **PASSWORD** you created in the steps above.
5. Click "**NEXT.**"

Accessing Moodle (for online classes)

NOTE: You will not be able to access your online classes on Moodle until the first day of the semester.

1. Go to **ACC's home page** and click on the "**QUICK LINKS**" tab at the top of the page.
2. Click the "**Moodle**" link.
3. Click the "**Log in**" link near the middle of the page.
4. Enter your **ACCess USER ID/USERNAME** (Ex: jfsmith123) and the **PASSWORD** you created in the steps above.
5. Click "**LOGIN.**"

Accessing AVISO

1. Go to **ACC's home page** and click on the "**QUICK LINKS**" tab at the top of the page.
2. Click the "**AVISO Engage**" link.
3. Click the Google "**Sign In**" button.
4. Enter your **ACCess USER ID/USERNAME** (Ex: jfsmith123) and the **PASSWORD** you created in the steps above.
5. Click "**NEXT.**"

SERVICES TO STUDENTS

Single Stop

Alamance Community College has partnered with Single Stop, a non-profit organization, to provide students with easier access to a wide range of resources and benefits.

Students can be quickly and conveniently screened for resources related to food, housing, earned income and child care tax credits, child care related resources, health care resources, and more.

For more information, and to find out what resources you may qualify for, please contact Brian Barringer, Single Stop coordinator, at 336-506-4039 or at brian.barringer@alamancecc.edu.

TRiO Student Support Services Program

TRiO Student Support Services (SSS) is a federally funded program granted by the U.S. Department of Education. TRiO services provide opportunities for academic development, assist students with basic college requirements, and motivate students toward the successful completion of their postsecondary education. The goal of the TRiO SSS program is to increase student retention and graduation rates.

Services

- Intensive Academic advising
- Success Coaching
- Career Planning
- College transfer tours
- Educational and cultural outings
- Financial literacy and FAFSA assistance
- Holistic workshops
- Leadership opportunities
- Referrals to other campus resources

Who Qualifies?

- Pell Grant recipients
- First-generation college students (neither parent has a bachelor's degree)
- Students with a documented disability

FINANCIAL ASSISTANCE

Financial Aid

Alamance Community College offers financial aid to eligible students. For eligibility, students must complete the FAFSA. The financial aid team hosts FAFSA workshops on Thursdays. Students are encouraged to schedule individual appointments or FAFSA assistance appointments as needed.

The financial aid office can also assist in person or over zoom when needed.

Contact the office to set up your in person or zoom session at 336-506-4340 or financialaid@alamancecc.edu

Alamance Promise

Alamance Promise is an Alamance Community College Program created to provide FREE (or highly affordable) tuition, books, fees, and supplies to students. Students that apply to the program may be able to receive free (or reduced) tuition, books, fees, and supplies. To receive this benefit, students will need to complete a FAFSA and the Foundation Scholarship Application.

For additional information, please reach out to the financial office at 336-506-4340 or financialaid@alamancecc.edu

Foundation Scholarships

Foundation Scholarships are available for all interested students. Students interested in foundation scholarships should complete a FAFSA and a Foundation Scholarship Application.

For additional assistance, please reach out the ACC Foundation office at 336-506-4128.

Scan this code to complete a FAFSA.

Scan this code to fill out a Foundation Scholarship Application.

Mission

ACC advisors teach students to make educational choices to achieve their academic potential and to be full participants in the college's mission of advancing our diverse population and empowering lifelong learners to succeed as global citizens.

Academic Advising

Academic advising is a collaborative process in which the student and advisor work together to ensure that the student is on track towards their educational and career goals. An academic advisor can assist students by confirming that their program of study aligns with their career goals, empowering students to make the best academic decisions for their unique situation, discussing the course options within a program of study, assisting with course registration and verifying that the student is on track for degree completion.

Find Your Academic Advisor

You can find your assigned advisor and their contact information by following these steps:

- Log in to Self-Service
- Select "Student Planning"
- Select "Go To Plan & Schedule"
- Click on the Advising tab. This will list your advisor's name and email contact information.

P.A.C.E. SUCCESS COACHING

P.A.C.E. stands for – Persistence from Application to Completion in Education.

This program provides every ACC student access to a Success Coach.

Success Coaches are here to help you navigate college and achieve your goals.

Whenever you find that you need more support at ACC, PACE Success Coaches will help connect you with the resources you need!

These resources include but are not limited to:

- Academic Support
- Assistance with food, housing, and transportation
- Mental Health support
- College Success Strategies such as Time Management and Test-Taking Skills

Angela Davis is the University Transfer Program Success Coach. She can be reached at

336-506-4395 or avdavis140@alamancecc.edu

University Transfer

WHICH DEGREE SHOULD A STUDENT EARN?

Associate in Arts

Emphasizes the traditional liberal arts education with a focus on most degrees that are not in the STEM fields and/or in the health science field (i.e., humanities, social sciences, communication, and business). [ONLINE OPTION AVAILABLE!](#)

Associate in Science

Emphasizes the skills needed to excel in STEM fields, health science, mathematics, sciences, and similar career fields.

Associate in Engineering

Emphasizes the skills needed in the pre-engineering career field.

Associate in Fine Arts in Music

Focuses on careers in music and performing arts.

Associate in Fine Arts in Visual Arts

Focuses on the skills needed for visual arts careers.

Associate in Arts Teacher Preparation

Designed for students who would like to become K-12 teachers specializing in Art, Language Arts/English, History, Humanities, Music, Physical Education, and Social Studies.

Associates in Science Teacher Preparation

Designed for students who would like to become K-12 teachers specializing in Science, Technology, Engineering and Mathematics(STEM).
