

**Pre-Dental/Dental
Gainful Employment
Disclosure Form**

You have applied for (or changed your major to) the Gainful Employment program:

Pre-Dental/Dental Assisting

The U.S. Department of Education requires all colleges to disclose a variety of information for any financial aid eligible program that "prepares students for gainful employment in a recognized occupation." Gainful employment disclosure information can be found for your specific program regarding tuition and fees and median loan debt, completion and job placement rates, and jobs related to this program on the College's website, <https://www.alamancecc.edu/accddata/ge-dental.html>

Before registering for classes, you must sign and date the enclosed Gainful Employment Disclosure Form and return it to the ACC Admissions Office.

Institutions are required to provide the following information for each program that leads to gainful employment. Please refer to the back of this document:

1. Standard Occupational Classification (SOC) code
2. On-time graduation rate
3. Cost of the program to include books and fees
4. Placement rate for students completing the program
5. Median loan debt incurred by students who have completed the program

Alamance Community College does not participate in the Federal Direct Stafford Loan programs; therefore, no loan information is included in these disclosures.

If a program has fewer than 10 graduates per year, due to privacy issues, the on-time graduation rates are not reported to the public.

In order for a program to be considered part a gainful employment program, the program must meet the following criteria:

- It must be financial aid eligible.
- Technical programs must be at least one academic year in length.
- The program must lead to a certificate or credentialed non-degree.
- Clock hour programs must be 600 hours or longer.

Should you have questions, please contact Vernell Rone at 336-506-4277 or vernell.rone@alamancecc.edu
