

Interested in ACC Distance Education Courses?

Alamance Community College offers **online, hybrid and web-assisted** courses. Below is a description each:

- **Online:** An online course has instruction totally delivered via the Internet. Students and instructors do not meet face-to-face on campus. Online courses have an “E” in the section number. (Ex: MAT 115-01E)
- **Hybrid:** A hybrid course is a blend of face-to-face instruction and online learning. In a hybrid course, a significant part of the course learning is online and as a result, the amount of classroom seat-time is reduced. Hybrid courses have an “H” in the section number. (Ex: MAT 115-01H)
- **Web-Assisted:** Course is delivered face-to-face with a requirement that students have Internet access as a way to complete assigned tasks online. Web-Assisted courses have a “W” in the section number. (Ex: COM 110 01W)

Distance education classes at ACC are facilitated through **Moodle**.

For more information on Distance Education, go to www.alamancecc.edu/online-and-distance-education

If you need online technical support, please call 866-374-8142 or 336-506-4243 or you may send an email to distancelearning@alamancecc.edu. Additional online technical support information can be found on the distance education section of the ACC website at www.alamancecc.edu. If you are a student needing technical assistance with myITlab, myMATHlab/Course Compass, please call 800-677-6337.

Alamance Community College would like to do everything possible to make sure that your distance education experience is a rewarding one. Please let us know if there is anything else we can do to help.
